

## **Provisional list of National Competent Authorities (CBAM)**

The upcoming implementation of CBAM will require the involvement of the National Competent Authorities (NCAs) of the 27 Member States from 1 October 2023.

The NCAs will in particular be responsible for granting authorisation to the importers established in their Member States to access the CBAM Transitional Registry. This Registry will become accessible to reporting declarants and all competent authorities in the EU once it goes live on Sunday 1 October 2023. It will become fully operational by early November 2023, in plenty of time for importers to submit their first reports by the deadline of 31 January 2024.

The list of NCAs will be regularly updated on this page as they are notified to the Commission and will also be made available in the CBAM Transitional Registry. The publication of this list in the Official Journal will take place at the end of October 2023.

<i>Member State</i>	<i>National Competent Authority</i>
<b>AT</b>	Customs Authority
<b>BE</b>	Federal Public Service for Health, Food Chain Safety and Environment
